MUCH OIL NEAR BLUFF.

What promises to be a good flow of oil has been struck near Bluff. Utah, by Thomas Bryce operating for an Ogden company. During a recent visit to the district, F. B. Hammond of Moab, located 5,000 acres of oil lands, in the name of Hammond & Sons, J. P. Larsen, A. P. Sorensen and a Mr. Douglas. It was on this visit that Mr. Hammond saw the oil struck in the third well operated by the Ogden concern.

Oil land is selling from \$10 to \$25 an acre and at present eight rigs are sinking in the district. The property lies in the great oil basin in eastern Utah, which promises to become one of the

greatest oil bearing places in the United States. More than 20 years ago a government expert declared the place a basin of oil. He based his theory on the presence of hydrocarbons such as no other place in the world recordings.

on which David Kennedy, who former ly had offices in the Herald building vent broke, will resume operations shortly. The property to some time was in the hands of J. W. Edmunds and another receiver. The creditors of the concern, many of whom were for-

mer employes, have decided to start up the mine and the mill at once. The following is from the Emmet Index:

The Lincoln mine at Pearl, which went into the hands of a receiver several months ago, is to be put in running order and the mill operated at once. This is the statement given out he the nurchasing conditions who out by the purchasing creditors, who include the former employes, John Mc-Nish of this city, L. R. Walter of Pearl, the Salt Lake Hardware company and the Carlson-Lusk Hardware

ompany of Bolse.

The Lincoln property, consisting of number of claims in one group, is ne of the best developed in the Pearl latrict. It is equipped with a 100-ton daily capacity stamp mill, the necessary plates, and concentrating tables of the Wilfey variety, and has a shart down a little more than 449 feet. During all the time the mine has been in the hands of the receiver, it has been sent numers day and all is now ready. Rept pumped dry and all is now ready to resume operations with a full force men, the mill and mine both being of men, the mill and mine both being in first class condition. From many hundreds of samples, ore from the mine run from \$8 to \$10 to the ton. It is base ore and necessarily a concentrating proposition. It is estimated that there are at least 200,000 tons of ore blocked out and in sight in the mine.

OHIO COPPER GOES UP.

Local Exchange Has Good Market With Iron Blossom Much Lower.

With Iron Blossom Much Lower.

Members of the local mining exchange woke up for a good market this morning and throughout the session stocks were lively, although much lower. Nearly all of the active stocks hit the tobaggan for a long slide in prices. Starting in with Beck Tunnel, which has been on the descending scale for several days, the market ended with Yerington Copper slightly off in the asked price.

Iron Blossom, which has been one

the asked price.
Iron Blossom, which has been one of the chief factors of activity for several months was again given a drubbing by the bears this morning and the price closed at \$2.27%, although it showed greater activity than ever. The market closed yesterday at \$2.37½, This morning was knocked off a full ten points, with a tendency to

Black Jack fell below its usual standard, but Colorado remained firm at \$2. Grand Central was about the only stock that went up and that was in the asked price. Lower Mammoth was knocked down to 27½cents. Silver King Coalltion came back strong and

On the curb market the trend of prices was upward with Obio Copper as the leader. Under cover of this stock many others jumped. It was circulated about the exchange this mornculated about the exchange this morning that the company as been successful in having its bonds placed and that with the opening of the new shaft connecting with the Mascotte tunnel in February, the prospects are bright for the stock. For several days the stock has been selling around \$5.50, but this morning it shot up to \$6.35 and \$8.20, while the stock was offered at \$6.50. Ulnuch Treasure Hill sold for 22 and 22½ cents. East Crown Point went at two cents and East Tintic Con., at four cents.

considerable interest has been directed toward the camp and several impor-tant discoveries have been made. What has been found lends to the belief that the belt is extensive and uniformly bonanza in character. bonanza in character,
Among the other discoveries that approach the sensational may be mentioned the Independence and the Golden Rule. On the former ores have been taken out and sacked that assayed as high as \$11,000 per ton, it is declared. On the last group of claims, Christopherson and Skow have developed a ledge from which it is contended they panned about \$300 in gold in two days. The camp is located about 18 miles southeast of Battle Mountain, in what is known as the Crum canyon.

BOSTON.

Boston. Jan. 5.—There is little life in the local wolo market, due to well cleaned bins and heavily stocked mills. Prices remain steady with a firm undertone but there is a lack of quotations on account of the light inquiry. Most dealers are awaiting the consumption of present supplies, but the mills and dealers are looking with interest on the increased activity. Quotations:

PRODUCE.

Chicago, Jan. 6.—Excremely low temperatures throughout the west and southwest inspired considerable builish seatiment among traders in the wheat market here today and caused advances of 1/4 to 1/6 in all deliveries. The market was also bullishly affected by higner prices in wheat at all the princips. European grain centers.

May opened at 1.07% to 1.08, and sold at 1.08(1.08%).

The strength of wheat brought out a brisk demand for corn by commission houses which caused moderate strength early in the day despite the favorable weather for the movement of the new crop. May opened a shade to 3/4 higher at 31/4 to 51/6. For a time May held within that range.

Oats were firm on a good commission house demand. May opened 3/4 to 1/4 higher at 51/4 to 51/6, and for a time held within that range.

Provisions were firm on a 5 to 10c. advance in the price of live hogs. Trade was quiet. At the opening prices were 2/1/2 10c. higher.

Toward the noon hour the market became sharper on selling by Northwestern interests and by a local clevator concern. prices declining nearly 1 cent from the ligh point of the day. The low point for May was reached at 1.07%. The market rallied again late in the day and closed firm with May up 1/4 0/7 at 1.07%.

The market declined with wheat May selling off to 51%. A strmer tone developed during the final hour and the market closed firm with May up 1/4 0/7 at 1.07%.
